

Being a column in which the publisher just "blows off the steam."

By Willard Jones

JAMES K. ROBERTS, long time publisher of The Andrews County News, ex-county judge and former early day resident of the McCaulley community, was among the scores who last week-end attended the homecoming of ex-students to McCaulley schools.

The Judge, fondly known by this publisher for many years, is always ready with a batch of stories.

He was recalling some of his early day experiences in the McCaulley community.

"My dad and his family, living near Memphis, Tennessee, were intrigued by the big tales of opportunity in West Texas, took advantage of one of those immigrant train offers. We boarded the old Cotton Belt Railroad, rode into Fort Worth, then up the Fort Worth & Denver to Chillicothe, and down the old Orient (the roughest railroad in the country). After three days and nights we landed at McCaulley about 11:00 o'clock at night. An uncle met the train in a three-seated hack—with all eight of his kids. My dad had slipped off from mama at Little Rock and bought a gallon jug of whiskey, which was quietly smuggled out in the unloading procedure.

"Then dad and uncle nipped a few nips of that jug! And uncle, just to prove that the Wild West was wild, drove downtown in McCaulley, gave a few yells, and headed for his place. Boy, was I scared of this new barbarian land!" recalls the Judge.

"And, say, I remember Claude and Carl Rister at school. Carl (who later wrote books and became a college professor), was mild mannered. Claude was anything but mild. Maybe just to be onery, Claude used to trap skunks and coons for their hides. The teacher put him over in the corner of the room, away from everybody else, on account of his special perfume."

WHISTLER, the artist, had a French poodle of which he was extravagantly fond. The poodle was seized with an infection of the throat one day, and Whistler had the audacity to send for the great throat specialist, Mackenzie.

When Mackenzie saw that he had been called to treat a dog, he felt incensed, but said nothing. He prescribed, pocketed a big fee, and drove away.

The next day he sent posthaste for Whistler. And Whistler, thinking he was summoned on some matter connected with his beloved dog, dropped his work and rushed to the home of Mackenzie.

On his arrival, the great specialist said, gravely, "How do you do, Mr. Whistler? I wanted to see you about having my front door painted."

KEN MORLEY writes that there is an old story of three sparrows and a loaf of bread that teaches a good lesson on human behavior.

The loaf bounced from a basket as the baker's delivery truck turned the corner. As it hit the pavement a crumb broke off. Almost instantly three sparrows made a swoop for the crumb. When their little argument was over two of the birds flew away without a bite and one carried off a small fragment of bread for his breakfast. But the big loaf lay untouched and unrecognized.

We often go through life that way. We agitate ourselves over the crumbs and let the real source of supply go unnoticed. We struggle for a fragment and fail to see where it came from. The crumb is the pick-up, the big prize is right beside it.

The stockholders elected J. C. Turner, Hamlin attorney, as president of the non-profit organization which built and owns the Hamlin hospital. C. E. Gregory was named vice president and J. E. Patterson, secretary-treasurer.

Alton Mayfield, Manny S. Johnson and Ralph Riddle were reelected directors of the organization. Hold-over directors are J. C. Turner, Raleigh Reynolds, J. E. Patterson, F. W. Poe, Fred Smith and C. E. Gregory. The directors then named officers to head the association for the coming year.

AWARDED INSPECTOR'S JOB—Vesta Townley, clerk at Hamlin post office for 10 years (right) this week was notified by the district Post Office Department at Dallas that his application for a postal inspector's position had been approved. In the picture above Townley is being congratulated by Postmaster Perry Sparks.

Jones Among Area High Oil Producers

With 10 new discovery wells completed during the first eight months of the year as a result of new drilling, Jones County continues to figure prominently in the oil activities of West Central Texas, a review of explorations reveals.

Daily production from the county's 141 separate fields now producing is estimated at 17,508 barrels, and up to January 1, 1958, the county had produced 111,887,702 barrels of oil. The first producer was drilled in 1926.

Jones County Regular Field, with 437 wells and production of 3,303 barrels daily, is listed as the largest in the county.

Next largest pool is the East Hamlin Field, discovered June 9, 1950. Its 67 wells have a daily allowable of 2,479 barrels. This field, which touched off a lot of activity, produces from an average depth of 3,150 feet.

Third largest field in the county is the Noodle North (Cisco) Field in the southwest part of the county. It was discovered in October, 1953. The 74 wells in the pool have a daily allowable of 1,667 barrels from an average depth of 3,600 feet.

During the field eight months of this year 10 new fields were discovered. Last year the county received a total of 17 new fields. Largest year was in 1956 when 30 new pools were opened.

Counties of this area leading Jones in total production to date are Stephens with 166,554,858 barrels and Eastland with 115,474,869 barrels.

Choir of First Methodist Church Will Present Musical Program Sunday Eve

Choir of the First Methodist Church will give a musical program Sunday evening at 7:00 o'clock, church leaders announce. An offering will be taken to apply on the purchase of new choir robes.

Director of the choir is Mrs. Willard Maberry. Mrs. W. T. Johnson is pianist, and Mrs. Brad Rowland is organist.

The complete program follows: Prelude, "By the Cathedral" by MacDonald, organ and piano duet.

Assets of Hamlin Hospital Reflect Splendid Balance

Assets of \$214,818.25 were noted in the annual audit presented at the annual meeting of stockholders of the Hamlin Memorial Hospital Association Sunday afternoon at the Hamlin High School auditorium. Liabilities were listed at \$73,735.

The stockholders elected J. C. Turner, Hamlin attorney, as president of the non-profit organization which built and owns the Hamlin hospital. C. E. Gregory was named vice president and J. E. Patterson, secretary-treasurer.

Alton Mayfield, Manny S. Johnson and Ralph Riddle were reelected directors of the organization. Hold-over directors are J. C. Turner, Raleigh Reynolds, J. E. Patterson, F. W. Poe, Fred Smith and C. E. Gregory. The directors then named officers to head the association for the coming year.

More Than 5,000 Bales of Cotton Ginned at Hamlin

Vesta Townley Is Approved as New Postal Inspector

Vesta L. Townley, clerk in the Hamlin post office for 10 years, this week was notified of his approval as a postal inspector for the San Francisco, California, region by L. H. Stevens, chief inspector of the Dallas region, according to Perry H. Sparks, Hamlin postmaster.

Townley will spend 30 days in school at Washington, D. C., then five months training, assigned to special inspector, after which time he may continue in his new assignment or return to his former job as postal clerk.

Postmaster Sparks said that qualifications for the appointment are based on passing the civil service examination, extensive character investigation plus personal qualifications. Applicants for appointment are then considered by the Post Office Department and final selections are made based upon what they consider to be the best qualifications.

Townley was instructed to report to the Dallas office November 13.

He is a graduate of Hamlin High School and served in the Navy during World War II. He has worked in the local post office since 1949. He is married to the former Bernice Beard, and they have two children—Eddie 16, and Bobby, seven. The family will remain in Hamlin during his training period.

Drawing Cash Goes To Ruby Waggoner

Ruby Waggoner was the winner of Saturday afternoon's Appreciation Day treasure chest. She was awarded \$104 with a 20 per cent ticket.

Consolation prizes were awarded to J. D. Raney, Bill Richey and Mrs. Pearl Miller. Prizes were furnished by Witt Jewelry, Frank's Department Store and Howard City Drug.

This week's treasure chest will contain \$487.49, it is announced by Appreciation Day officials.

Over \$800 Raised in Boy Scout Campaign

First audit report of the annual drive for funds for Boy Scout work in the Hamlin community was made this week by R. L. McClung and Garland Preston of the auditing committee showed that \$847.50 had been reported by solicitors in the drive so far.

W. T. Johnson and Earl Smith, directors of the drive, urged the canvassers who have not turned in their final reports to do so within a few days so that the campaign may be concluded.

INTENT LISTENERS—J. Byron Saunders (right), former State Insurance Commissioner, and his wife listen intently in Austin as the Criminal District Court clerk read the verdict of guilty of perjury and assessed him a two-year prison sentence.

Membership Banquet of BCD Scheduled for January 29

Edmund W. Robb Elected President Of Minister Group

Officers for the Hamlin Ministerial Alliance for the ensuing 1959-10 year were elected at the regular monthly business session of ministers of churches of the city last Friday morning.

Named were: Rev. Edmund W. Robb, pastor of the First Methodist Church, president; Rev. M. T. Harrell, pastor of North Central Avenue Baptist Church, vice president; Rev. R. T. Jarrell, pastor of the Church of the Nazarene, secretary; Rev. Royce Campbell, pastor of Calvary Baptist Church, treasurer; and Rev. Derl Lee, pastor of Sunset Baptist Church, reporter.

Preliminary plans were made by the ministers' group for the annual union Thanksgiving service of the Thanksgiving season. At the community-wide service, when most of the churches of the community join in a special gathering, special offering for needy transients and other causes is taken. The funds are administered by a committee composed of alliance members and business men of the community.

No reason for doing it is good reason for not doing it.

NEW PASTOR of the Hamlin Foursquare Full Gospel Church is Rev. Don McCamish (above), who came recently to the church from California. He spent seven years as an evangelist.

John Norton's Poetry Takes Second Place

And now we have a Hamlin poet. John Norton, senior pre-medical student at Bethany Nazarene College at Bethany, Oklahoma, won second place in the Oklahoma state intercollegiate poetry contest, it was announced last week, with his entry.

Young Norton is the son of Rev. and Mrs. J. S. Norton of Hamlin.

George Jordan of Brownwood Will Be Main Speaker

January 29 was the date set for the Hamlin Board of Community Development's annual membership banquet by the BCD directors at their regular monthly meeting in the BCD offices Monday evening, according to Fred B. Moore Jr., president.

At the same time, the directors approved plans to obtain George Jordan of Brownwood as speaker for the banquet.

Jordan recently resigned as manager of the Brownwood Chamber of Commerce to enter business for himself. His resignation was effective October 1, at which time he opened a White Auto Store there. He served in Brownwood and Breckenridge during his 10 years as Chamber of Commerce manager.

The directors also approved plans for sending the manager, Orville D. Roland, to the seminar for organization and management, sponsored by the U. S. Chamber of Commerce, at the University of Colorado in 1960. Roland was recently notified that he had satisfactorily completed the third year course at the Institute at Colorado University.

Gene Prewitt reported that his civic affairs committee was successful in obtaining commitments from property owners for paving Southeast Avenue A, and lauded Melvin Scott, chairman, for the fine work he is doing in lining up property owners for paving all over the city.

Pretty Weather Aiding Harvest In Hamlin Area

More than 5,000 bales of cotton have been ginned by the Hamlin and Neinda gins through Tuesday, according to a check Wednesday morning by The Herald, to reflect the bustling harvest that is underway in the section.

Farmers Cooperative Gin of Hamlin had processed 3,080 bales, and Farmers Cooperative Gin at Neinda had turned out 2,191 bales, the check showed.

Both the gin yards were stacked up with cotton at the time, inasmuch as harvesting had gone into high gear following several days of perfect harvesting weather.

Other gins in the area at Tuxedo, Radium, McCaulley, Royston, Anson, Aspermont and Stamford likewise reported they were hustling to keep up with the accelerated flow of cotton to the gins.

First killing frost of the season—varying in intensity at different points—helped the defoliation process that has been underway in the area for several weeks. Many farmers already were winding up their harvest with mechanical pickers and strippers to take the white out of many fields in the territory.

A good number of Mexican Nationals, likewise have been doing a good job of harvesting the crops in the region.

Brazos River Gauge Relocated on Wider Bridge North of City

Relocation of a pipe well gauge on the widened Highway 83 bridge on the Double Mountain Fork of the Brazos River nine miles north of Hamlin was announced recently by Trigg Twichell, district engineer of the surface water branch of the department.

A pipe gauge also was relocated on the new highway bridge on Hubbard Creek near Breckenridge.

A new gauging station has been set up by the Department of Interior to study the pollution of the Brazos River above Possum Kingdom reservoir. The new station was ordered for Croton Creek near Jayton to check the quantity and the natural pollution that is contributed to the river from the reservoir.

First Methodists Set Revival Nov. 1 to 15

A 15-day revival meeting has been scheduled at the Hamlin First Methodist Church to begin Sunday, November 1, and continue through Sunday, November 15, according to church leaders.

Rev. Edmund W. Robb, pastor of the church, will do the preaching in the series of services. A more detailed announcement of the revival will be carried in a subsequent issue of The Herald.

Clinic on Beef Cattle Feeding Slated Today

There will be an educational meeting in the county agent's office at Anson this (Thursday) evening at 7:30 p. m. for all farmers and ranchers interested in feeding beef cattle, according to County Agent Kirby Clayton.

Uel Thompson, animal husbandman from Texas A. & M. College, will be on hand to give the latest information on figuring basic rations for feeding, making use of silage and other home grown feeds.

All interested persons are urged to attend, says Clayton.

SEE TEXAS-MARYLAND. Mr. and Mrs. John F. Green Sr. were in Austin Saturday to attend the University of Texas-Maryland football game.

SCHOOL BUS AND TRUCK COLLIDE—This school bus, loaded with adults and en route to a football game, collided with a gasoline transport truck near Coahoma. Six students and two teachers were killed and an undetermined number were injured in the tragic mishap.

Who's New This Week

Three new citizens have been recorded at the Hamlin Memorial Hospital since last week's report in The Herald. All boys, they are:

A boy for Mr. and Mrs. James Ray arrived October 11. Tipping the scales at a light six pounds seven ounces, the youngster was named Michael David.

A boy arrived for Mr. and Mrs. Raymond Roberts on October 16. Raymond Leroy Jr. was assigned to the eight-pound fellow.

A boy was born October 17 to Mr. and Mrs. Robert McElvay. Weighing nine pounds and three ounces, the lad had not been named at copy time.

"The fellow who throws cold water on everything is likely to be all wet."

FARM PRICE SUBSIDY PROGRAM IS SENSELESS

More and more farmers of the Hamlin territory, farm magazines and others in touch with the pulse of farmers are doubting that the farm price subsidy program is practical and of lasting good. To be sure, it is an artificial thing of the rob-Peter-and-pay-Paul variety.

You would undoubtedly howl like a banshee if Congress decided to subsidize the automobile industry to the tune of more than \$8,000,000,000 a year.... with your tax money.

Or, put it another way, suppose the government guaranteed every motor car manufacturer \$4,000 for every car produced, and would buy all vehicles the auto maker could not sell. That, in a nutshell, is what is happening in the federal farm price subsidy program.

The farming industry is big business, no less than automobiles.

We are guaranteeing prices on farm production, encouraging over-production, and the buying all the farmers cannot sell—with tax funds.

Farm price supports cost the U. S. taxpayer \$5,400,000,000 this year. All-time record wheat and corn crops this season will probably boost program costs to \$8,000,000,000 next year.

We have already bought \$9,000,000,000 in farm produce which we cannot get rid of. It costs about \$1,000,000,000 a year in storage charges on top of what we paid for it.

If the government were holding \$9,000,000,000 worth of surplus autos, and paying some \$1,000,000,000 a year in storage, the congressmen who voted for such a subsidy would be swept out of office to the last man.

Why should big farmers be babied any more than shoe manufacturers or any other producers?

When farm subsidies were first voted they were intended for relief of the struggling, desperate small farmer.

Since then big farms have almost entirely taken over. Some huge farm operators draw down in excess of \$2,000,000 yearly in subsidies.

Let's get back to some semblance of common sense. Some aid for the small, single-family farmer may be in order. But guaranteed profits for gigantic rural industrialists is ridiculous. No other industry is so subsidized.

Any individual who can qualify for a \$50,000 subsidy payment cannot qualify as a struggling farmer. He doesn't need relief. Let's limit the maximum payment to any farmer or farm corporation to \$15,000 tops per crop year, plus hail or drought insurance at reasonable premiums to protect against weather vagaries. That would be fair.

But let's get away from a senseless program that enriches one favored industry by taxing all other industries and everybody else to boot.

The Will That Wins

Some men inherit great names, some men have great names thrust upon them; but the greatest are those who, starting with nothing, make great names for themselves. To the last named class belonged James Smithson, whose fortune founded the Smithsonian Institution in Washington, D. C., in 1846.

In youth, James Smithson was James Lewis Macie, named after his mother. Despised and forsaken, he took the name of Smithson, after his father, who was an English duke. While his mother was of royal birth, the "bar sinister" robbed him of all in honor, pride and natural inheritance.

"If England will not give me a name," said young James as a lad of fifteen, "then I shall go out and make one for myself that will live long after the names of Northumberland and Percy are forgotten."

The determined youth graduated from Oxford University at the age of 21 and began immediately to win the highest scientific honors the empire could confer. He became a world famous traveler and scientist, a member of half-a-dozen of the most scientific societies of Europe, wrote extensively for scientific publications, and left a fortune of half a million dollars to the government of the United States of America for the purpose of founding an institution "for the dissemination of scientific knowledge throughout the world," to be known as the Smithsonian Institution.

A dream had become a fact. The name Smithsonian is known throughout the globe—in places where the names Northumberland and Percy have never been heard.

Nuggets of Thought

Heaven is blessed with perfect rest but the blessing of earth is toil.—Henry Van Dyke.

Writers seldom write the things they think. They simply write the things they think others think they think.—Elbert Hubbard.

Better to wear out than to rust out.—Bishop Cumberland.

In youth we learn; in age we understand.—Marie Ebner-Eschenbach.

Wise men learn more from fools than from the wise.—Cato the Censor.

The world is a beautiful book, but of little use to him who cannot read it.—Goldoni.

Living to the Point

If you have known how to compose your life you have accomplished a great deal more than the man who knows how to compose a book. Have you been able to choose your path? You have done more than the man who has taken cities and empires.

The great and glorious masterpiece of man is to live to the point. All other things—to reign, to hoard, to build—are, at most, but inconsiderate props and appendages.

The truly wise man must be as intelligent and expert in the use of natural pleasures as in all the other functions of life. And so the sages live, gently yielding to the laws of our human lot.

Relaxation and versatility, it seems to me, go best with a strong and noble mind, and do it singular honor. There is nothing more notable in Socrates than when he found time, as an old man, to learn music and dancing, and thought it time well spent.—Michel de Montaigne.

Editorial of the Week

IKE AT SIXTY-NINE

As of last week, Dwight Eisenhower is the third president to reach 69 while still in the White House. By the end of his term, when he will be more than three months past 70, Ike will be the oldest president in office in our history.

You wouldn't think so to look at him. His vitality is evident. His doctors rate his health excellent, despite two serious illnesses.

This, we would think, is testimony to Ike's sturdy constitution his mindfulness of the self-discipline which prolongs good health, and a state of mind which exalts patience, holds to basic principles despite frustrations, and rejects diversion into the petty squabbles and unwholesome jealousies which have wracked many a high political administration.

Whatever the varying views of the policies and actions of the Eisenhower administration, none reasonably can dispute the integrity of purpose of the president. We hope the firmness of character will sustain him through the remaining months of his term, and in the years ahead, that he may continue to live a useful and happy life.—The Fort Worth Press.

RECALLING Other Years

★ Being news items taken from old files of Your Home - Town Newspaper The Herald.

THIRTY YEARS AGO.

From the files of The Hamlin Herald dated October 18, 1929, the following bits of news of the Hamlin community 30 years ago are reproduced:

Bank statements of Hamlin's two banks are printed this week. Deposits are shown at \$519,629.64 at the First National Bank, and \$445,064.07 at the Farmers and Merchants National Bank, at the close of business October 4.

These golfing liars have the advantage over the fishing variety. They can't be expected to show their proof.

TWENTY YEARS AGO.

Among news of goings-on in the Hamlin community 20 years ago were the following, reprinted from The Hamlin Herald dated October 20, 1939:

Camille Smyers, teacher in the home-making department of Hamlin High School, spent the weekend with her parents at Arlington.

An adequate water supply now an adequate water supply now seems about to be realized—that is, following a good rain that will fill the 35-acre lake near Neinda, recently completed by the City of Hamlin. The lake, plus the other water lines to town and facilities at the local waterworks, cost approximately 235,000.

Mrs. S. K. Dillard was taken to the Stamford Hospital Sunday for a minor operation.

Mrs. Eunice M. Thompson spent last week in Dallas. She was accompanied by her daughter, Mrs. Austin Poe of Latham, Kansas. Mrs. Poe left Thursday for a visit with her sister, Mrs. Charlie Tupper, at El Paso.

TEN YEARS AGO.

Bits of news about happenings in the Hamlin community 10 years ago include the following, taken from The Hamlin Herald dated October 21, 1949:

Hamlin Chamber of Commerce is playing a "hands off" game in charges made by transient laborers that they had been discriminated against by local merchants.

Hamlin's Pied Pipers eked out a 12 to 6 win over the Roscoe Plowboys last Friday to remain the only team in the west half of District 6-A unbeaten so far this season.

Funeral for T. O. (Bob) Young, Jones County pioneer farmer, were held Monday afternoon. He was 81 years of age.

Total of 3,160 bales of cotton had been ginned through Thursday noon by Hamlin gins this season.

The Civic Planning Board has requested the Hamlin City Council to pass an ordinance taxing door-to-door peddlers in the city.

FIVE YEARS AGO.

News briefs about events in the Hamlin community of five years ago, taken from The Hamlin Herald dated October 22, 1954, include:

Fund drive for the Camp Fire Girls in the Hamlin community has netted \$650, according to Carl Murrell, drive chairman.

Paving contractors of Colorado City have submitted a bid of \$341 per front foot for curb, gutter and paving in Hamlin, and work on paving is slated to get underway within 10 days, according to City Engineer Roy Dunlap.

Financial condition of the Hamlin Memorial Hospital Association is good, according to the annual report made Sunday at the meeting of the board of directors.

Hamlin Volunteer Fire Department members won first and second places last Thursday in contests of the Midwest Texas Firemen's Association convention held at Cisco.

ONE YEAR AGO.

Among items of interest in the community one year ago were the following, condensed from The Hamlin Herald dated October 23, 1958:

Hamlin High School librarians will host a district meeting of high school librarians Saturday. Peggy Dodd of Hamlin is secretary of the area group.

Mr. and Mrs. Milton Kiser of Sylvester community will celebrate their fiftieth wedding anniversary Sunday with open house at their home.

Major Carolyn Greenway of Hamlin was presented her second commendation ribbon for outstanding service to the Air Force recently in Europe.

Teachers of Jones County Approve Legislative Program of State Group

Approximately 100 teachers of the area attended the first 1959-60 meeting of the Jones County Teachers Association, which was held Monday evening in the Hamlin High School auditorium.

Wayne Forest of Hawley Schools, president of the local unit, presided over the session. He handed out yearbooks designating two more meetings for the school year. A meeting February 15 in Anson High School will have as guest speaker Dr. D. W. Wiggins, former president of Texas Technological College at Lubbock. The spring meeting will be April 11 at Stamford.

Everett Beaver, county superintendent and chairman of the local teachers' legislative committee, gave a summary of the proposed three-point legislative program which should be of interest to school personnel: (1) Increase in salaries; (2) increase from state for operation and maintenance of school buses; and (3) revaluation of the Hale-Aikin committee report. The Jones County teachers voted to support the proposed legislative program sponsored by the Texas State Teachers Association.

Craig O. Hunt, superintendent of Anson Schools, introduced the speaker, R. H. (Bob) Lawrence, executive secretary of the Texas Bureau of Economic Understanding of Dallas. Lawrence spent 11 years promoting interest in our American heritage program in Texas schools. He urged the teachers to combat communism by teaching tomorrow's citizens to understand the principles upon which America was founded, and the reason why America became so great is because our government protects the rights and freedoms of individuals. "Teachers can teach the concept of freedom in all subjects, and unless we outsell communism, we are in danger of losing our precious heritage," asserted Lawrence.

Income Tax Collection Is Year-Around Job For Internal Revenue

Every year the Internal Revenue people are somewhat startled and perhaps a bit amused at the comment, "Well, I guess you folks don't have very much to do now that you have got all caught up with the income tax filing," muses Tax Man Sam in a release to The Herald.

Of course, income tax is only one of the many federal taxes that Internal Revenue enforces, even though it is a big one; however, tax payments and filing deadlines fall throughout the year.

There are several tax deadlines in every month of the year. Perhaps the most conclusive proof the Internal Revenue Service can offer, that taxes are collected on many dates throughout the year besides on April 15 is the figure of \$83,925,591.71 collected from North Texans living in the Dallas district during the month of July. July is a small collection month.

ACCUSED—James Cook Evans, 52, assistant vice president of the First National Bank in Dallas, is accused by the FBI of a \$290,320.03 shortage. Government agents said the money disappeared over the last two years. Evans is specifically charged with false entry in the bank's books amounting to \$8,000. He is shown leaving the federal building after posting bond of \$2,500.

Freight Carloadings For Santa Fe Down

Freight carloadings for the Santa Fe Railway System for the week ending October 10, 1959, were 21,945 compared with 28,206 for the same week a year ago, reflecting a decided decline. Cars received from connections totaled 11,683 compared with 12,608 for the same week a year ago.

Total cars moved were 33,628 compared with the same week a year ago. Santa Fe handled a total of 36,009 cars in the preceding week this year.

Aspermont School Group Schedules Exes Homecoming

Homecoming activities for the Aspermont Schools will be held on Saturday, October 31, people of the area are being advised by homecoming officials.

Festivities will begin at 10:00 a. m. Saturday in the home economics building, with refreshments being served. Meetings of individual classes will follow.

Registration will begin at 1:30 p. m. in the high school auditorium and at 2:30 a program will be held. Marshall Formby, a former Aspermont citizen and publisher of the Aspermont Star, and until recently chairman of the Texas Highway Commission, will be the speaker. A business meeting will follow Formby's address and officers for the 1960 reunion will be elected.

A barbecue meal will be served in the high school cafeteria from 5:30 to 7:00 p. m. Tickets at \$1 each for the meal may be obtained from ex-student officers.

Officers of the ex-students association are: Wesley Robbins, president; Truman Sherrod, vice president; Mrs. Cecil Hallum, secretary; Mrs. Pat Mitchell, treasurer; and Mrs. Ned Ward, reporter.

HERE'S WHAT MAKES the CORVAIR REVOLUTIONARY

Short and sweet! Engine's in the rear—where it belongs in a compact car. With more weight on rear wheels, you get extra road-gripping traction for cornering and driving on ice, mud or snow. Also, by avoiding nose-heaviness of front-engine compact cars, Corvair handles easier, brakes better, rides smoother. Styling of both 4-door models is clean and uncluttered... as fresh and functional as modern architecture.

Unpack Power Team

Engine, transmission and drive gears are neatly wrapped in one lightweight package. Takes less space, leaves you more.

UNCLUTTERED BODY BY FISHER
Body and frame are combined into a single rigidly constructed unit that reduces Corvair's weight, enlarges its passenger space.

Practically FLAT FLOOR

Corvair is America's only compact car with a virtually flat floor that gives you full 6-passenger comfort. For extra space, folding rear seat converts easily to make room for 17.6 cu. ft. of cargo.

TRUNK'S UP FRONT

Lots of luggage space under the hood, where it's convenient for groceries, packages.

NEARLY 3 FEET SHORTER
Corvair's almost 5 inches lower, 1,500 pound lighter, too. Its compact size makes it a joy to jockey through traffic, a pleasure to park. No need for power assists.

AIR COOLED

You never have to fuss with antifreeze. Turbo-Air 6 warms up quicker, with less wear on parts. Air-plane-type heater goes to work almost instantly.

Revolutionary Rear Engine

works small miracles with mileage. It's the world's first production 6 with the ultra-smooth power of horizontally opposed pistons.

4-Wheel Independent Suspension

Springs at each wheel cushion bumps independently of each other for a ride that rivals much costlier cars.

LOW PRICE!

Many McCaulley Ex-Students Back For Homecoming

Second annual homecoming of McCaulley School ex-students and teachers Saturday was an outstanding success, declare attendants. Although the climactic football game Saturday afternoon went to the Highland team in the last quarter, attendants enjoyed all activities of the get-together.

Some 250 people registered, and of these about 165 were ex-students or teachers; and not more than half of the people attending registered, declare officials of the ex-student association, sponsoring organization. Two hundred and seventy-nine barbecue tickets were sold, and a delicious meal, provided by Underwood's of Abilene, was enjoyed.

New officers for another year for the McCaulley Ex-Students Association were elected during a business session Saturday afternoon. The following were elected: J. B. Jayroe of Hamlin, president; Charlie Abbott of Hamlin, first vice president; Howard Faught of Roby, second vice president; Laverne Parker Hunter of Hamlin secretary; Lavena Maberry Smith of McCaulley, treasurer; and June Maberry Hemphill of Lubbock, reporter.

All new addresses or changes of addresses are to be sent during the year to McCaulley Ex-Students Association, Box 83, Hamlin, Texas, or should be given to Beth Jones Hawkins at the same address.

At the half-time period of the ball game Saturday afternoon Mary Lanee Humphries was crowned Homecoming Queen, and Gene Stevenson was crowned Football Hero.

Auto Accidents More Fatal Than Disasters

More than 40 times as many U. S. residents died in accidents last year as were killed in the great Chicago fire, the San Francisco earthquake and the Titanic sinking combined.

The National Safety Council, in its recently published statistical yearbook, "Accident Facts," reports 91,000 Americans died in 1958 accidents — 37,000 in auto accidents alone.

The combined death toll in the three famous disasters was 2,169.

TO GERMANY — A Hamlin soldier, Private Lonnie O. Binnicker, departed from Fort Benning, Georgia, early in September for Germany and an assignment with the Third Infantry Division.

Lonnie O. Binnicker Goes to NATO Shield Division in Germany

Army Private Lonnie O. Binnicker, 23, whose wife, Jeannette, and parents, Mr. and Mrs. Charles R. Binnicker, live at 50 North-west Fourth Street in Hamlin, departed from Fort Benning, Georgia, in early September for Germany and an assignment with the Third Infantry Division, a major unit in the NATO shield of defense in Europe.

While assigned at the Georgia fort, Binnicker was assigned to Headquarters Company of the Second Division's Ninth Infantry. He entered the Army last February and completed basic combat training at the fort.

A 1954 graduate of Harlingen High School, Binnicker was employed by the Franklin Supply Company at Farmington, New Mexico, before entering the Army.

TURN ABOUT.

A filling station attendant approached the owner and said: "Boss, your doctor's in here with a flat tire."

Station Owner—"Good! Diagnose the trouble as puncture wounds resulting in a prolapsed perimeter. Prescribe plastic surgery followed by a complete treatment with inflatus windus. Then charge him accordingly."

Three Wildcats Highlight Week's Area Oil Activity

Three new wildcats, on under-way and a plugging highlighted the accelerated oil activity in the Hamlin area of the past several days.

The Roark & Hooker of Abilene No. 1 L. T. Malone test is three miles northeast of Hamlin. Location spots 467 feet from the north and west lines of the north-east quarter of Section 156, B. B. & C. Railway Company Survey. Proposed depth is 3,700 feet with rotary equipment.

Location for a Hamlin North (Swastika) Field project was staked four miles north of Hamlin. It is R. R. Bloomer and Skinner Corporation No. 2 W. L. Walton. The proposed 3,600-foot rotary venture is 1,400 feet from the south and 467 feet from the east lines of Texas Central Railway Company Survey 4.

A proposed 6,500-foot wildcat two miles southeast of Hamlin was waiting on cement after setting surface casing at 206 feet. It is the Pure Oil Company's No. 1 W. C. Matchett, located on the Austin & Williams Survey, League 355.

The H. L. Albaugh and J. R. Conlan et al of Abilene No. 1 Kenneth Scott, wildcat seven miles northeast of Hamlin, was drilling below 2,600 feet after a drilltest test in the Tannehill Sand. Test was taken at 2,586-2,596 feet with tool open one hour. Recovery was one foot of oil, five feet of mud-cut oil and 240 feet of filtrate water. Location is in Section 134, B. B. & C. Railway Company Survey.

Cities Service Oil Company No. 5-121 Flat Top, project eight miles northeast of Hamlin in the S. L. C. (Tannehill) Field, was plugged at 2,507 feet. It was in Section 121, B. B. & C. Railway Company Survey.

Danny Wise Is New Methodist Worker

New youth worker at the Hamlin First Methodist Church is Danny Wise, a senior student at McMurry College in Abilene, it is announced by Rev. Edmund W. Robb, pastor.

Young Wise comes up each week from Abilene to assist with work among young people of the church.

T-ALL SMILES FOR TEXANS—A smiling former president, Harry S. Truman, poses for photographers on his arrival in Dallas last week. House Speaker Sam Rayburn (left), who was on hand to meet Truman, wears a serious look. Truman flew to Lubbock to make a speech on the anniversary of the United Nations and return to Dallas for a political rally.

Pick-Up in Requests For Red Cross Aid on Leaves Registered

Jones County's American Red Cross always increase," she not-requests for assistance in obtaining leaves from armed forces, Mrs. Frank Gamblin, executive secretary, reports.

"We don't know why, but from September through the winter the bulletin lists specific directed. She estimated that last month an average of one request per day was handled by the Red Cross office, twice as many as during the summer months.

Most recent requests numbered four in a three-day period. One request was to the Little Rock Air Force Base, Jacksonville, Arkansas; another to Sheppard Air Force Base at Wichita Falls, another to an air base in Virginia, and the fourth to Fort Hood.

Two of the leave requests were due to wives entering Hamlin and Anson hospitals to give births, and two were the result of deaths in the family.

Pursuit of knowledge is wonderful. Too many persons, however, hate the exercise.

KNOW-IT-ALLS.

Let The Herald make your mead-co-order rubber stamps.

Eighth Graders Lead Classes Making First Junior High School Honor Roll

Eighth graders barely eked out sixth grade students for top honors on the first honor roll released this week by Principal Marvin D. Carlton of Hamlin Junior High School. The eighth graders had 36 names on the list while the sixth grade was second with 35. Seventh graders placed 30 on the first six-week honor roll.

The complete honor roll, by grades, follows:

Eighth Grade: All As—Shirley Farnsworth, Marsha Goodgame, Kathleen Hallmark, Kay McCoy, Gary Ted Jay and Sue Johnson; A average — Ronnie Sipe, Cheryl Brown, Phyllis Scarborough, Ronnie Teichelman, Pamela Smith, Cleon Warner, Candy Thompson, Freddie Shave, Diane Bond, Jesse Goolsby, Jimmy Inzer, Lynn Ray Sturrock, Anna Cheryl Adams, David Bigham, Sue Martin and Tommy Robertson; B honor roll — Jeff Willis, Rita Coker, Portia Long, Dewane Bundas, Barbara Lakey, Polly Jackson, Sue Perryman, Patricia Harkey, Lewis Lawlis, Rose Lovell, Ann Johnson, Nicky Moore and Judy Fitzgerald.

Seventh Grade: All As—George Smith, Larry Farnsworth, Nancy Ford, Jackie Townley, Mary Margaret Turner, Christy Wallace, Carolyn Reynolds, Marolyn Reynolds, Mike Shivers, Mary Lois Patterson, Elizabeth Cunningham, Connie Duncan, Stanley Smith

and Paula Kim; A average—Pat Batchelor, Johnny Overman, Reha Law, Linda Hallmark, Rupert Compton, David Drummond, Holman Jones, Mary Ann Elkins, Beverly Robertson and Carolyn Tallent; B honor roll — Clifford Sharer, Gary Cauble, Jeannette Green, Delia Nichols, Charles Prewitt and Joe Martin.

Sixth Grade: All As — Donald Embrey, Jan Albritton, Tommy Ferguson, Jimmy Hawkins, Judy Jenkins, Glenna Hudspeth, James Kincaid, Linda Legan, Mike Sauls, Lynne Shelburne, Anne Shelburne, Barty Sims, Alan Neese, Sheila Stone and Patsy Sauls; A average — Ronald Guthrie, Sherilyn Witt, Scott Brown, Douglas McClung, Mike Rountree, Richard Johnston, Margie Young, Sharon Ballard, Pamela Austin, Douglas Sharer and John Poe; B honor roll—Kay Hodnett, Feida Ford, Roger Bell, Donna Compton, Cynthia Stephens, Shirley Long, Virginia Haight, Lavonia Haight and Danny Joe Warner.

TOUCHING.

The most expensive corsage is seldom as beautiful as a bunch of wild flowers clutched in the grimy fist of a bright-eyed small child.—Herald Dispatch, Sleepy Eye, Minnesota.

East Indian banyan trees produce red cherry-like fruit which is eaten by monkeys.

Crowds Hear Evans At Church of Christ

Good sized crowds are attending the series of gospel services underway this week at the Hamlin Church of Christ, according to Herbert Smith, new minister of the church.

Dwain Evans, minister of the Lamar Street Church of Christ is evangelist for the services, being conducted at 3:00 and 7:30 p. m. each day. Rodney Spaulding, Hamlin youth attending Abilene Christian College, is directing the singing. The services will continue through Sunday.

The Herald's Page for Women

Hamlin Eastern Star Group Observes Forty-Fifth Anniversary Tuesday Eve

Forty-fifth anniversary of the chapter and friendship night were celebrated by the Hamlin Chapter No. 460, Order of the Eastern Star, last Tuesday evening in the Masonic Hall. Visitors from many Central West Texas towns also participated in the affair.

The chapter was opened in ritualistic form with the worthy matron, Mrs. Don Lock, presiding. She welcomed the guests. The past and present matrons and past and present patrons of visiting chapters were introduced, following which the other visitors were presented.

Ira Clements gave a summary of the chapter's history. He declared the chapter was constituted October 14, 1914, with 20 members. Nettie White was the first worthy matron, and W. H. Gilbert first worthy patron. Minnie Poe was the charter associate matron. Charter members were Mrs. Lottie Abbott, Mrs. Emma Frasier, Mrs. Susie Mae Gilbert, Mrs. Pauline Mayer, Mrs. Bessie Owens, Mrs. Mattie Sauls, Mrs. Nettie Albritton, Clinton Frasier, Mrs. Dollie Harden, Mrs. Lula Money, Mrs. Minnie Poe, Mrs. Kate Thurman, Mrs. Gracie Cecil, W. H. Gilbert, Mrs. Bettie Law, Mrs. Nettie Martin, D. O. Sauls, Mrs. Nettie White, Mrs. Ullala Whitely and Mrs. Minnie Wilson. The chapter now has approximately 150 members.

Clements also stated that two district schools had been held in the Hamlin chapter, both of which were successful. There have been several committee appointments to grand chapter of Texas. The chapter has also had two deputy grand matrons and one grand matron. Correct names and dates of these appointments could not be verified because a fire in 1930 destroyed the chapter's belongings and most of its records.

Following Clements' address, the past matrons and past patrons of Hamlin chapter introduced themselves and gave the year they served.

A short anniversary program was given, with the worthy matron, Mrs. Lock, giving the opening remarks. She instructed the star points to mark the passing of time on a special clock, which

was located in front of the chapter room. The hands of the clock were placed at five minutes to 12, and the twelve had been replaced by a forty-five. The star points placed nosegays of different colors on the clock. Each nosegay had an accumulation of years marked in gold in the centers. Ada (Mrs. Guy Weaver), Ruth (Mrs. Roy Watson), Esther (Mrs. Viva Varner), Martha (Mrs. Tom Carter) and Electa (Mrs. R. H. McCurdy), commemorated in verse the charter members, past matrons and patrons, grand appointments, friendly chapters and chapter members as they placed their nosegays on the clock's face.

The worthy patron, Don Lock, gave a toast to the future. Charlie Abbott sang a solo, "Marking the Years," accompanied by Mrs. Charlie Abbott at the piano.

The associate matron, Mrs. Bonnie Bingham, and associate patron, Roy Watson, presented a pink carnation corsage and white carnation buttoniere to the lady and gentleman nearest the chapter's age. Mrs. Nadine Jackson, worthy matron of Queen Esther chapter in Abilene, received the corsage. Ira Clements of Hamlin chapter received the buttoniere as the gentleman representative, since no man was within five years of the chapter's age. Mrs. Clements had served Hamlin chapter for 14 consecutive years as worthy matron.

The worthy matron had Electa (Mrs. R. H. McCurdy pro tem), escorted to her station by the conductress, Mrs. Sam Ferguson Jr. and the associate conductress, Mrs. I. D. Miller. The worthy matron and worthy patron, Mr. and Mrs. Lock, presented the chapter a silver cup for its anniversary gift from them. Mrs. McCurdy responded for the chapter. Clarence Hyer, sentinel, gave the benediction, after which refreshments were served in the dining room.

The refreshment table was laid with a white linen cloth and centered with an arrangement of pink carnations in a crystal bowl. The numbers "45" in gold glitter were in the center of the floral arrangement. Crystal and silver appointments completed the table arrangements.

Mrs. George Malouf served the punch, and Mrs. Perry Sparks served a pink tiered cake with "45th Anniversary" written in white on the top. The pink napkins had "Hamlin O. E. S.—45th

Panel Conducted by BCD Representatives At B&PW Club Meet

The program coordination committee of Hamlin Business and Professional Women's Club, composed of Mrs. Earl Brown, Mrs. Levi McCollum, Viola Avants and Mrs. John V. Howard Jr. was in charge of the October program and dinner meeting Tuesday evening at the Primary School cafeteria.

Viola Avants gave the club objectives based on the theme, "Effective Living" for the year's programming. Mrs. Earl Brown and Mrs. A. R. Hackley gave a humorous take-off called "Soap Opera."

Highlight of the evening was a panel from the Board of Community Development composed of Max Murrell, chairman; Orville D. Roland, BCD manager; W. T. Johnson and Wesley Nail. Directed by Murrell, the panel discussed the functions of the committees of the BCD and their relation to the B&PW's theme, "Effective Living."

"The Board of Community Development is dependent upon the membership to carry out effective programs for the community's progress and expansion in every area of living, and members of the B&PW Club can serve the purposes of their organization by cooperating with the BCD," said Murrell.

A session of questions and answers followed the program and was interesting and informative.

Mrs. Johnnie Agnew and Mrs. Richard Young Jr. were guests of the club representing the Literary Club. Mrs. Joe L. Culbertson also was a guest.

Mr. and Mrs. Walter Chalcraft of Abilene visited last week-end with her parents, Mr. and Mrs. M. T. Hudson.

Anniversary stamped in gold. Mrs. Charlie Abbott, Mrs. W. O. Willbanks, Mrs. W. B. Cotton and Mrs. Everett Gibson assisted at the refreshment table.

The meeting hall was decorated with baskets of pink roses. Cut flowers were used throughout the other entertaining rooms. Mrs. Bonnie Bingham and Mrs. Roy Watson registered guests at a table covered with a pink cloth centered with an arrangement of pink roses in a horn-of-plenty.

Members of 20 area chapters were invited. Mrs. Joe League, Mrs. Tom Carter, Mrs. Charlie Sellers and Mrs. Bonnie Bingham were in charge of the arrangements. Mrs. Guy Weaver was program chairman.

Future Homemakers Enjoy Slumber Party in Home of Montie Wade Friday

Knit pajamas and flannel gowns created a sleepy but laughing atmosphere in Montie Wade's den Saturday morning when members of the Future Homemakers of America chapter of Hamlin High School staged a slumber party.

FHA members found themselves being dragged from bed and taken to the 8:00 o'clock breakfast at 7:00 o'clock instead. A committee surprised the girls with the help of their mothers, who hid their daughters' pajamas from them the night before.

Mrs. J. E. Simmons, one of the sponsors, made some progress toward waking everyone up by serving sweet rolls and hot chocolate. Yearbooks were handed out and an FHA Beau elected.

Following adjournment the girls were carried home to sleep the remainder of the morning.

FHA members for this year are Phyllis Hollis, Rebecca Ferguson, Lana Lancaster, Barbara Cheshier, Iona Seaton, Bunny Patterson, Patty Bigham, Peggy Dodd, Ann Richey, Montie Wade, Lillie Sue Austin, Nina Jean, Jorene Hudspeth, Suzanne Jenkins, Ann Rabjohn, Jennie Law, Janice Ueckert, Rita Matthews, Sarah Snapp, Darla Harkley, Lanita Mallory, Janice Richardson, Charlene Pendley, Nell Waldon, DeNetta McCracken, Thelma McClung, Sandra Bury, Sandra Smith, Zoan Winegeart, Darlene Josey, Nancy Carter, Carolyn Ray, Pat Green, Linda Bingham, Joyce Shields, Dixie Daniels, L. Nell Cross, Leona Brinegar, Mary Smith, Linda Farmer, Lucille Decker, LaVerne Williams, Velta Hastings, Odean West.

Also Neilda Stone, Jeannette Jenkins, Martha Jordan, Priscilla Trotter, Billye Blankinship, Wilma Welch, Wynelle Williams, Stella Brown, Penny Ford, Mary Debs Rountree, Sandra Jayroe, Charlotte Donham, Charlotte Burleson, Joyce Bingham, Julie Daniels, Kay Johnson, Arlene Waldon, Dorothy Gray, Nancy Stinnett, Lou Ann Hawkins, Mary Ann Hymer, La-

"Holiday Treats" Is Topic of Program of Good Neighbor Club

Members of the Good Neighbor Home Demonstration Club met Tuesday in the home of Mrs. Buck Joiner.

The finance chairman reported on the bake sale, and our thanks go to all the ladies buying our cakes and pies, helping the club to make the project a success.

November 10 being an open date, the club planned a Thanksgiving supper for that night instead of club meeting. This will be for members and their families and will take the place of the traditional Christmas party.

The nine members who attended Tuesday were Mmes. J. E. McCoy, Jack Kelly, Dale Lain, Jessie Stanford, James Brown, Elmer Joiner, Noel Weaver, L. R. Faulkenberry and Buck Joiner.

Coffee and cake were served by the hostesses, Mrs. Dale Lain and Mrs. Buck Joiner.

O-Ki-Hi Group of Camp Fire Girls Elects New Officers

The O-Ki-Hi group of Camp Fire Girls has started the year off with a treasure hunt and election of officers.

The officers are: Margie Young, president; Cynthia Stephens, vice president; Linda Legan, secretary; and Jan Albritton, scribe.

A field trip to Abilene is planned for October 24, at which time the girls will visit the municipal airport, Coca-Cola Bottling Company, Mrs. Baird's Bakery and Abilene Candy Company.

These sixth grade girls will participate in the national birthday project by planting three trees to help beautify our community.

The O-Ki-Hi group consists of Jan Albritton, Pam Austin, Jane Ferguson, Linda Legan, Glenda Hudspeth, Johnnie Harbert, Julia Robb, Kay Hednett, Sherilynne Witt, Cynthia Stephens, Helen Hastings, Judy Jenkins and Margie Young.

District B&PW Director Honored at Seated Tea Sunday by Clubs of Area

Stamford, Haskell and Hamlin Business and Professional Women's Club were hostesses honoring Florence Anderson of San Angelo, director of Seventh District B&PW Clubs, at a seated tea Sunday afternoon at 3:00 o'clock in the fellowship hall of the First Methodist Church.

Rev. and Mrs. Gene Moore, accompanied by Mrs. Brad Rowland at the piano, sang "God Is Love." Mrs. Madeline Hunt of Haskell introduced Miss Anderson, who gave an interesting talk on the program and activities of Business and Professional Women's Clubs from the local, state, national and international standpoint. She stressed the importance of local clubs supporting the state and national objectives in the matter of federation funds for special projects.

Mrs. Theo Scott of the Stamford club presented the appreciation gifts from the three clubs to Miss Anderson.

Besides the Hamlin club, those attending from Haskell were Mrs. Hunt, Mrs. Nettie McCollum and Mrs. Luther Burkett; from Stamford: Mrs. Scott, Olive McDougal, Mrs. George Kinner, Mrs. Mary Gay, Rozella Weaver, Mrs. Mickey Moritz, Naomi Timberlake, Mrs. Vista Duncan and Elizabeth Thornton; from Abilene: Mrs. A. J. Smith, Mrs. Lillian Hurd, Mrs. Nellie Peary and Hester Harris.

Accompanying Ann were her mother, Mrs. Mildred Richey, and Mr. and Mrs. Joe Wayne Carter. Mrs. Carter is one of the FHA sponsors in Hamlin High School. The awards were presented to young people by James W. Aston, general chairman of the youth activities committee of the State Fair of Texas.

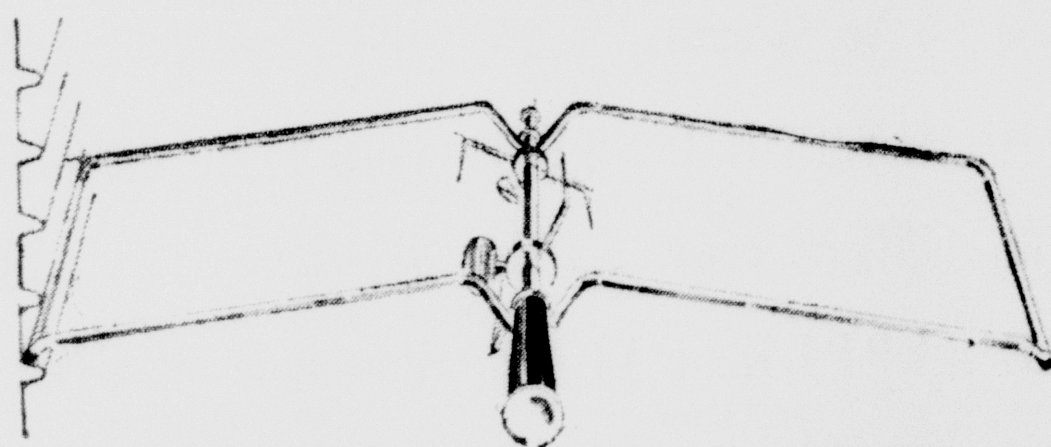

Saturday the group from Hamlin attended the State Fair of Texas.

Ann was pictured in a three-column photo in Saturday's Dallas Times-Herald.

"Do I Have to Suffer All My Life Just Because I'm a Woman?"

Not today, women don't have to bear a special cross of agony! Girl or grandma, a special tablet can bring blessed relief from "female miseries!" "Female suffering" need never occur again for most women—not at any age! You can be free from the misery young and old used to dread! With Pinkham's Tablets you can have wonderful relief all through your life! Pinkham's unique formula was

developed especially for women's ailments. Includes blood-building iron! In doctors' tests, 3 out of 4 didn't suffer monthly cramps, backaches. Later during change-of-life, "hot flashes" subside. Even after menopause, Pinkham's Tablets help build strength-giving blood! Get amazing Lydia E. Pinkham's Tablets from druggist. Take them daily for the benefits you can get all through your life!

LONE STAR GAS COMPANY

STATE CAPITAL

Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

Austin—Though it hasn't any Los Angeles type smog or London "pea soupers," Texas, in common with most of the civilized world, has "dirty air" problems.

Industrial smoke, automobile exhaust, incinerators—even small town cotton gins—are among the factors that pollute Texas air.

State Health Department is using the approach of Cleaner Air Week, October 25 to 31, to remind Texans of the importance of the air they breathe. During one day, says the department's October bulletin, a person must breathe 30 to 35 pounds—or a whole roomful—of fresh air.

Texas by no means has the problems of cities like London where in 1952 several thousand died during a period of excessive air pollution. But, says the department, "the problem is already present and growing in areas where no action is being taken."

Every citizen can help, says the bulletin. Improper heating appliances in homes give off tons of uncombusted material, and burning of leaves and trash in the back yard adds irritating agents to the air.

If you are especially interested in the problem, the bulletin suggests you contact your local health department which will advise you where the air pollution abatement group in your area meets.

How Much Tidelands.—Texans now await a decision by the U. S. Supreme Court on how much of its tidelands the state owns.

U. S. attorney general claims the state owns a strip only three miles out from the coast. Texas officials say it is three leagues, or 10½ miles.

That Texas owns some tidelands was established by a 1953 act of Congress giving states control of their submerged lands to their "historic boundaries."

Governor Price Daniel and Attorney General Will Wilson argued before the high court that a historic boundary of three leagues had been established in the days of the Texas Republic and was agreed to by the United States.

Opposing federal argument is that the U. S. has insisted on a three-mile limit for all countries for many years as a matter of "national policy."

Texas' oil bearing tidelands, particularly those farther out, are believed to be worth many millions of dollars in revenue for the state public school fund.

Straws in the Wind.—Indications keep piling up that a special legislative session to raise teacher pay and a third term race by Governor Daniel are strong possibilities.

Letters favoring the teacher pay session are greatly increasing, according to the governor's office. A representative of the Texas State Teachers Association said teachers are not "cooling off" in their drive and are not planning to wait until 1961. Several union

labor groups have endorsed teacher raises and offered to help in the drive.

A recent state Democratic executive committee news letter notes Daniel's popularity in polls and quoted him as planning "to keep the door open."

Which probably means that the governor will keep the political pot in simmering suspense until very near the February 1 filing deadline.

First Water Loan.—Texas Water Development Board has made its first loan under the \$200,000,000 program passed by the Legislature in 1957.

Lower Nueces River Supply District received \$3,000,000 which will be used to complete the big \$21,000,000 Wesley Seale Dam.

Under the program, the development board sells bonds and loans money to local governments to pay part of the cost of water conservation projects. Program is self liquidating. Board is presently paying 3.56 per cent interest on the bonds and charging 4.06 per cent on loans.

White River Municipal Water District in West Texas is expected to receive the next loan. It is seeking aid for a \$4,000,000 project to supply water to Crosbyton, Post, Ralls and Spur.

School Support Program.—Gaining public support for schools will hinge on how well schools adapt to new demands. State Commissioner of Education J. W. Edgar warned school leaders.

Dr. Edgar told the Texas Association of School Boards of new curriculum changes including the beefed-up high school mathematics courses now being tested in Texas schools.

School board members noted that, despite the hue and cry for better schools, a winning football team still gets more public support than anything else.

Dorsey Hardeman, in whose district the college is located, for next month.

Colleges Paying More.—Texas' 18 state supported colleges are paying an average of \$433 a year more to its teachers this year than last. Their salaries for teachers now average \$6,320, according to the Commission on Higher Education.

Commission Director Ralph Green said the pay levels are now 30.5 per cent higher than the average five years ago.

Widest range of salaries is at the University of Texas. Top pay there is \$16,000 for nine months. \$10,392 average for full professors, and \$4,551 average for instructors.

A CLOSE CALL.

Indignant Woman—"I thought this was supposed to be a respectable hotel!"

Room Clerk—"Why, it is, madam. It most certainly is. Is there something wrong?"

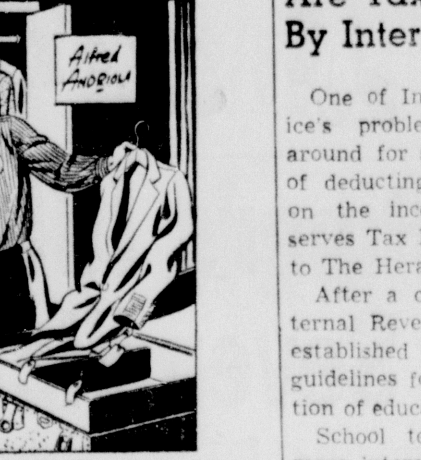

Indignant Female—"Well, as I was waiting for the elevator I saw one of those men from the trucking convention chasing a girl down the hall."

Room Clerk—"Did he catch her?"

Indignant Woman—"No."

Room Clerk—"Then the hotel remains respectable."

KERRY DRAKE

Jones Countians to Attend State FB Meet

Some 1,500 Farm Bureau members and their families are expected to converge on the Alamo City November 8 to 21 for the twenty-sixth annual convention of the Texas Farm Bureau.

Jones County FB President C. E. Gregory of Hamlin will head a delegation from this county to the San Antonio session.

Policies to guide the state's largest farm organization will be adopted by some 700 voting delegates from 198 organized counties. Headquarters for the four-day meeting will be the Hilton Hotel.

TRIMMING THE WIND.

During a recent sermon a minister was dramatically expounding on the destruction of a tornado he had witnessed. His congregation listened breathlessly as he recounted the cyclonic violence of the storm.

"And as the roaring tornado increased in power," he said, gathering steam, "I saw it clear a path of destruction a thousand miles long."

He gulped and broke off the sentence as he saw his wife growling and shaking her head. Then he regained his cadence by solemnly adding: "And an inch wide."

Seniors to Get Share Of Store's Revenues

T. C. Robertson, owner of Robertson Filling Station and Grocery, has offered members of the senior class of Hamlin High School 16 per cent of the profit from his store, located at 415 West Lake Drive, on Saturday, October 24, members of the class announce.

Senior class members will work two-hour shifts at the establishment. Proceeds will be put aside for the senior trip next May, it is announced.

Chowchow is a Chinese or pidgin English word meaning chopped or broken and mixed.

WANTED TO HEAR IT.

A gentleman who usually had more discernment dated a rather rapid blonde. As the evening progressed, it became more and more obvious that very little went on inside the lady's head. Her monotonous "Yes" and "No" in answer to his every question were only interspersed with an occasional "Don't be silly." He racked his brain for something to say, while the young lady merely stared at him and remained unhelpfully silent.

Finally he could bear it no longer. Putting a hand on her arm, he gazed into her vacant blue eyes. "Sister," he said in desperation, "a penny for your thoughts—and hang the expense."

Education Expenses Are Tax Deductible By Internal Revenue

One of Internal Revenue Service's problems that has been around for several years is that of deducting educational expense on the income tax return, observes Tax Man Sam in a release to The Herald.

After a considerable delay Internal Revenue Service has now established definite rules and guidelines for allowing the deduction of educational expense.

School teachers are probably more interested in this deduction than any other group. However, the educational expense deduction applies to any business as well as the teaching profession and there are a lot of claims from others.

If you have had educational expense during the past two years it may pay you to order "Your Federal Income Tax" Publication 17, from the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C. The price is 35 cents. Following the proper instructions always speeds up the handling of a case in the Internal Revenue Service.

Pied Pipers Idle This Week After Seven Victories in Row

Three Games on Rest of Schedule Will Decide Race

Welcomed rest period for the rampaging Hamlin High School Pied Piper gridders comes this week-end as the victory bent boys of Head Coach D. C. Andrews prepare for their final three football games on their 1960 schedule.

Although nursing only minor injuries by virtue of their seven straight victories of the current season, the Pipers' small group of players has seen strenuous action in the tilts so far, and the rest will do them good.

However, actually the rest period will only mean a respite for actual game competition. Coaches Andrews, Jimmy Vaughan and Neil Laminack will be putting the boys through routine plays and exercises that will keep them in fettle for the remaining three games.

A review of games for the year shows Hamlin has defeated Eastland 34 to 6, Spur 14 to 12, Merkel 50 to 18, Rotan 34 to 14, Winters 26 to 16, Childress 25 to 6, and Haskell 19 to 0. Total scores for the year show Hamlin with 206 points and their opponents 72.

Next game on the Pied Piper slate will be October 30 against the Seymour Panthers. Seymour has won four of its seven games thus far.

DISTRICT 6-AA STANDINGS

First first games of the conference reeled off last week-end four of the five District 6-AA teams squared off in the standings that really count, and this week two separate standings are given. District teams won 16 and lost 11 non-conference tilts for a total average of .546.

Standings, after last week's encounters, looked like this:

Teams	P.	W.	L.	T.	Pct.
Hamlin	7	7	0	0	1.000
Stamford	6	6	0	0	1.000
Seymour	7	4	3	1	.642
Anson	7	5	6	0	.428
Haskell	7	0	7	4	.000

Teams	P.	W.	L.	T.	Pct.
Hamlin	1	1	0	0	1.000
Seymour	1	1	0	0	1.000
Stamford	0	0	0	0	.000
Anson	1	0	1	0	.000
Haskell	1	0	1	0	.000

Results Last Week.

Hamlin 19, Haskell 0.
Seymour 36, Anson 6.

Where They Play Friday.

Anson at Stamford.
Haskell at Seymour.
Hamlin—Open date.

Junior High Seventh Graders Beat Rotan Gridders by 6 to 0

Hamlin Junior High School's seventh grade football squad outlasted the Rotan Grade School B team last Tuesday night by a score of 6 to 0.

Hamlin made two long drives during the game only to have one halted on the Rotan four-yard spot. Rotan drove deep into Hamlin territory only to lose the ball on downs on the Hamlin six-yard line.

Hamlin seventh graders marched to a touchdown on the quick openers by Allen Cumble and end sweeps by Mike Shivers. Shivers carried around end for three yards and the only tally.

Outstanding defensive players for Hamlin were Rupert Compton, Larry Don Perry and George Smith. Holman Jones did a fine job at quarterback.

Next home game for the seventh graders will be with Anson here on November 3.

Eighth Graders to Go To Merkel Tuesday

Eighth grade gridders of Hamlin Junior High School go to Merkel next Tuesday night. Game time will be 7:00 p. m.

Merkel won the first game with the Mighty Mice 28 to 2. Accompanying the players will be the seventh and eighth grade Pep Squad and the Junior High School Band.

Pied Pipers Take First Conference Tilt from Haskell

Wading into the District 6-AA conference battle with confidence Friday night, the Hamlin Pied Pipers trounced the Haskell Indians 19 to 0 on the Haskell gridiron before a big crowd of fans from the two cities. It was the Pipers' seventh straight victory for the season.

Mike Bond starred for the evening as he scored one touchdown and threw a pass for another. Victor Criswell and Jerald McCannies also tallied touchdowns for the winners.

In the first quarter, Criswell went five yards up the middle for a marker, and the conversion try failed. Bond scored on a keeper play from two yards out and Robert Brandon kicked the extra point. Bond threw a pass to Jerald McCannies for the last Piper marker.

Haskell, which lost its seventh straight game of the season, threatened twice in the game. In the second quarter the Indians moved to Hamlin's 13-yard spot before the ball went over on downs. Haskell was able to move to the Hamlin 15-yard place in the final quarter.

For Hamlin Criswell, Ken Prewit and Sam Hodges were outstanding on offense with Gary Williams, Durwood Boyd and Tommy Bond paced the defense. Larry Upshaw sustained a split chin in the game that required five stitches.

Highland Gridders Beat McCaulley 32-25 In Homecoming Tilt

Scoring two touchdowns in the last quarter, the Highland gridders came from behind to beat the McCaulley Eagles Saturday afternoon as a feature of the McCaulley School homecoming in the Eagles' griddle. The score was 32 to 25 in the District 4-B six-man tilt.

Sidney Porter caught two aerials from Darrell Petty, led the Highland scoring with 14 points as he added two extra points. Woody Owens scored Highland's other six points.

McCaulley's scoring was led by Bobby Kiser with seven points

• CARD OF THANKS

WE are truly thankful to our many friends who did so much in our recent sorrow at the death of our father. We thank all of you for the food, cards, flowers and telegrams. We thank the pastor, Rev. J. L. Johnson, for the wonderful sermon. May God bless each one of you.—The Van Zandt children. 1p

THANKS, FOLKS

McCaulley Home Demonstration Club women wish to thank everyone who bought corsages for the ex-student homecoming last week through the club. There was a complete sell-out, with several of the club women reselling their own corsages. Our appreciation.—Mrs. Bill Fancher, Club Reporter. 1c

AGGIE SWEETHEART—Rose Ann Annaratone, a Texas Woman's University Junior from Memphis, Tennessee, was named Aggie Sweetheart by Texas A. & M. judges. She will reign for a year.

Tickets for New Year Cotton Bowl Game Available This Week

Ticket applications for the 1960 Cotton Bowl football classic in Dallas on New Year's Day will be accepted by mail only during the period starting Friday, October 23, and lasting through Monday, November 2.

The Cotton Bowl classic is the official Southwest Conference post-season bowl game, with the conference champion automatic ally becoming the host team. This will be the twenty-fourth annual Cotton Bowl game.

Several Hamlin area fans will be among the more than 70,000 expected for the tilt.

Applications should be mailed to arrive during the period specified, October 23 to November 2, to Cotton Bowl Athletic Association, P. O. Box 7185, Inwood Station, Dallas 9. Envelopes must be postmarked not later than midnight November 2.

NEAR-SIGHTED.

A wife is a person who can see a blond hair on her husband's coat 10 feet away, but can never see a fire plug when she parks.—Little River News, Ashdown, Arkansas.

on a touchdown and one conversion. Scoring six points apiece were Gene Stevenson, Jimmy Jeffries and Kerry Green.

McCaulley has not won a game this year out of seven starts, and Highland has won three and lost four tilts.

Anson Fight Fails To Hold, Seymour Wins by 36 to 6

Joe Breed, Anson senior guard, sustained a broken leg in the attempt, but the county seat boys still couldn't stem the tide of the Seymour Panthers Friday at Anson as the Panthers won their first District 6-AA conference game over the Tigers 36 to 6.

The Seymour crew, playing a rejuvenated pattern, scored five touchdowns and kicked a field goal. Anson played Seymour on even terms in the first quarter, but was out-manned for the remainder of the game.

The Panthers started pouring on their power in the second quarter when two touchdowns were chalked up. Kent Ryan scored the first marker on a quarterback sneak from the two, and George Johnson kicked the extra point.

Fullback Joe Bob Chandler ran over from the one-foot spot for the second touchdown. The kick by Billy Joe Clark was good.

Coming back strong in the second half, the Panthers did it again. Billy Tom McCarty scored for Seymour on a 30-yard run.

Anson's lone touchdown was made in the third quarter when Ronnie Good took the kick-off on the Anson 15 and raced across the goal line.

Chandler marked up Seymour's fourth touchdown when he went over tackle for eight yards.

McCarty set up the fifth marker with a 30-yard run. Halfback George Johnson went over the goal line from the two. Johnson kicked the extra point.

It was Johnson's foot which added the three-point field goal. He kicked from the right half mark on the 10-yard line with three seconds left in the game.

Band Sweetheart to Be Crowned at Tilt

Band Sweetheart of Hamlin High School Band for 1959-60 will be one of the following three young ladies—Peggy Dodd, Carol Simpson or Delores Killian.

Members of the band Monday nominated these three girls during band period, and elected the Sweetheart by secret ballot. The Band Sweetheart will be crowned during the halftime show at the Hamlin-Seymour football game on Friday, October 30, it is announced.

VISIT FROM COLORADO.

Mr. and Mrs. Jack Doty of Denver, Colorado, have been visiting Mrs. John Ed Day and Adele Dixon. Mrs. Doty will be remembered as Elsie Weinke, who owned and operated a beauty shop for many years in Hamlin. They went on to Las Vegas, Nevada, for a two-week vacation. They own and operate the Doty Motel in Denver.

Pied Pipers Going to Town

With seven football games under their belt, the Pied Pipers of Hamlin High School have attained the best record racked up by HHS teams in several years. Six of the tilts were non-conference affairs, and the first of four District 6-AA games was reeled off last week-end against the Haskell Indians at Haskell.

The Pipers are idle this week-end, and they can use the rest in preparation for the last pull against the three remaining squads on their strenuous schedule.

The boys and their coaches have put in many hours of hard practice and play this season. They deserve, and are being accorded, loyal support by fans of the community.

Yea, team, fight! Beat Seymour, Stamford and Anson!

Beauty on Duty

What does this headline mean to you? If you're a homemaker, it could mean a new washer or dryer, or maybe even a new dishwasher.

To a man "Beauty on Duty" could mean a new car or the new transistor radio that brings you the World Series. For teen-agers, it could mean the old but treasured jalopy sitting proudly in the driveway.

But here at the Telephone Company, we have our own special definition of "Beauty on Duty"—a bedroom telephone in color.

A bedroom phone in color deserves the title, too, because it brightens your bedroom while helping you keep in touch between chores during the day. It also gives you a sense of security and keeps you free from care and worry at night.

Color telephones are also available with a built-in night light—ideal for bedrooms. To order your bedroom phone in color, just call the telephone business office.

How Not to Tie Up Your Phones

I was passing the time of day with a fellow recently when he suddenly blurted out, as if he'd just thought of something, "I just found out that if the receiver isn't on your phone straight and firm that all the phones in your house can be tied up and nobody can call you."

"That's right," I said. "Well," he said, "you ought to tell people about that. It's important."

My friend's right. It IS important to make sure receivers on all your telephones are on the hook. It's even more important if you're on a party line. A receiver off any phone ties up the line for everyone else.

"Why," I asked my friend, "are you so suddenly interested in this subject?"

"Because a fellow tried to call me and couldn't, and I missed out on a fishing trip—that's why," he said sadly. Can't say I blame him, can you?

High Percentages of HHS Students Make Honor Roll for First Six-Week

Fifty per cent of the juniors at Hamlin High School made the honor roll for the first six-week period, it is noted by Principal B. V. Newberry in submitting the initial top ranking list for the current school year. Forty-one per cent of the seniors made the list, 37 per cent of the freshmen.

Juniors led the classes with 30 students making the honor roll. Freshmen were second with 23, sophomores were third with 21, and the seniors, with the smallest class in the school, placed 19 on the honor list.

Complete honor roll, by classes, as released by Newberry this week, follows:

Seniors: All As—Pat Bigham, Peggy Dodd, Lana Lancaster, Danny McCurdy, Cynthia Patterson and Ann Richey; A average—Durwood Boyd, Barbara Cheshire, Phyllis Hollis, Carol Simpson and Steve Stephens; B honor roll—Genevieve Brinegar, Rebecca Ferguson, Judy Ford, Martha Gage, Bill Hallmark, Carolyn Nunley, Charles Scott and Sharon Sims.

Juniors: All As—Wayne Boatwright, Bob Murff, Ann Rabjohn and Montie Wade; A average—Darla Harkey, Suzanne Jenkins, Nine Jean, Ray Johnson, Cecil Robinson, Sarah Snapp, Kenneth Wiggington, and Robert Brandon; B honor roll—Dave Bellamy, Mike Bond, Sammy Bryson, Gary

Cooper, Sandra Bury, Joe Ford, Linda Cavitt, LaNel Cross, Jack Haught, Craig Hester, Reta Matthews, Jennie Laws, Charlene Pendley, Henry O'Neal, Janice Richardson, Pinky Sellers, Zoan Winegeart and Sharon Wyatt.

Sophomores: All As—Jeannette Jenkins, Tommy Sewell and Mary Smith; A average—Stanley Austin, Jerry Legan, Thelma McClung, Bill Richey and Jerry Smith; B honor roll—Linda Bingham, Barry Cheshire, Nancy Carter, Billy Goodman, Alvin Houghton, Pat Green, Martha Jordan, Laverne Williams, Raley Smith, Sandra Smith, Joyce Shields, Eddie Townley and Jerry Warnell.

Freshmen: All As—Lou Ann Hawkins, Barry Moore, Dan Newberry, Tommy Shelburne and Mark Smith; A average—Dotty Albritton, Joyce Bingham, Charlotte Burleson, Sandra Jayroe, Gloria Jenkins, O. H. Weaver and Laguna Weaver; B honor roll—Julie Daniel, Penny Ford, Andy French, Jimmy Haught, Margaret Maberry, Van Newberry, Betty Robertson, Mary Debs Rountree, Larry Stephens, Sunny Teague and Arlene Waldon.

Cotton Pullers Paid \$1.75 in Hamlin Area

Based on a survey made in Jones County during the period October 7 through October 10, the prevailing wages being paid for cotton pulling by farmers in was area was \$1.75 per 100 pounds, according to a release this week to The Herald from Donald W. Hawkins, office manager of the district office in Abilene of the Texas Employment Commission.

These wage finding are made by the TEC to give employers reports on wage scales for their particular areas.

Davis Talks About Florist Business At Lions Luncheon

Attendants at the luncheon meeting of Hamlin Lions Club Tuesday noon at the oil mill guest house learned that retail florists make up a major segment of the country's economy. Giving a classification talk before the group was Tommy Davis, operator of Tommy's Flowers.

"People of the United States today spend more on flowers than for many major home needs," declared Davis. He traced the retail flower business in America from about 1900 to the present, showing tremendous strides in all phases of the industry. There are more than 25,000 retail florists, with over 150,000 employees in the country today, he said. Over 11,000 are members of the Flower Telegraph Delivery service that wires flowers anywhere.

Davis declared that there is nothing quite so dead as far as sales are concerned as an Easter lily the day after Easter or a branch of holly after Christmas. Raising, sorting, wholesaling and retailing flowers is a big business, he pointed out, citing several concerns that do more than \$1,000,000 business each year.

Charles Absher was a guest at the luncheon meeting.

Special medical attention is being given a Hamlin primary school student with deficient eyesight by the Lions Club, it was announced by President Donley Williams.

NOT NEGLECTED.

There's hardly a woman who reaches 30 without having been asked twice to marry—once by her father and once by her mother.—Press, Malden, Missouri.

VISITS OLD FRIENDS.

Mrs. Bob Harwell of Amarillo spent last week in Hamlin visiting old friends.

Oil Allowable for November Offer Little Optimism

Land owners, royalty holders and others interested in oil production to the Hamlin area found no comfort in the November oil allowances announced last week from Austin.

For the fifth straight month the Texas Railroad Commission told oil operators Friday to keep their wells shut down all but nine days of November.

Those nine days—or the producing time—will result in an increase of 51,954 barrels of crude oil daily over October production.

Stocks of petroleum products continue to increase above desired levels despite tight conservation measures, the commission said, before setting the November state-wide allowable at 2,750,375 barrels daily. Actually the rate of production is about the same, but the increase comes from the difference in the length of the months.

Stocks of crude oil, gasoline, kerosene, distillate and residual oil show about 54,200,000 barrels above the desired level, Commission Chairman Ernest O. Thompson told several hundred oil men present for the monthly proration meeting at Austin. Although crude stocks were 6200,000 barrels below the desired level, all other petroleum products had surpluses.

Do not resent growing old—many are denied the privilege.

ANNOUNCING THE NEW PLYMOUTH!

SOLID FOR '60!

BUILT A NEW SOLID WAY TO GIVE YOU SOLID SATISFACTION

CHRYSLER ENGINEERING INTRODUCES A NEW KIND OF PLYMOUTH THAT MARKS A MAJOR BREAKTHROUGH IN CAR DESIGN. BODY AND FRAME UNIT ARE WELDED TOGETHER AS ONE, IN A NEW WAY. MANY PARTS THAT WORK LOOSE, RATTLE AND NEED FIXING IN ORDINARY CARS ARE ELIMINATED. THIS LOW-PRICE '60 PLYMOUTH IS STRONGER AND ROOMIER. IT USES LESS GAS THAN BEFORE. IT RIDES MORE COMFORTABLY, WE BELIEVE, THAN ANY OTHER CAR IN ITS CLASS.

PLYMOUTH'S NEW DURA-QUIET UNIBODY is a rigidly-formed structure, locked by approximately 5400 precise welds. It has no conventional body bolts, braces, struts or stays to give trouble. Road noises and road shocks are dampened. Even the sound of the wind is hushed.

We doubt if any car at any price has ever ridden or handled as well as this new low-price automobile. Practical Stabilizer Design, incorporating rear stabilizer fins, adds stability on the road, cuts wind resistance, gives better gas mileage.

The new Solid Plymouth is a young, exciting car with ten full years of

Chrysler Corporation development behind it. It will suit you particularly if you want a feeling of quality and a sense of craftsmanship. It is built carefully and precisely. We believe there is no other car in the low-price field that resembles it.

AN ALL-NEW INCLINED OVER-HEAD VALVE "6" IS AMONG FIVE PLYMOUTH ENGINE OPTIONS FOR 1960. The first inclined engine ever in an American passenger car is the new Plymouth 30-D Economy Six, most powerful "6" in America. Very economical, it is inclined to make servicing simpler, to lower the car's center of gravity and to make handling and riding easier. Also for 1960: the limited-production SonoRamic Commando V-8*.

SOLID PLYMOUTH 1960 OFFERS FEATURES NO OTHER CAR IN ITS CLASS CAN OFFER. Custom-Positioned Front Seat. Safe-T-Matic doorlocking system*. RCA "45" Record Player*. And many more.

*Optional at extra cost

"You'll want this
MEDALLION
for your
new
home"

Make yours a MEDALLION HOME
...hallmark of Electric living

It doesn't have to be a palace...but you'll live like a queen! You don't have to be wealthy to build one...but you'll certainly be the envy of your neighbors! They'll identify your house by the handsome MEDALLION which is set in the everlasting masonry...to remind you and them that here is a home built for complete Electric Living.

How do you go about getting the MEDALLION on your home? Before you build ask your builder, your electrical contractor, or WTU for a checklist of MEDALLION HOME requirements. We'll be glad to explain in detail the many ways in which your MEDALLION HOME will become—and remain—the most valuable investment you ever made.

LOOK FOR THIS SIGN
ON YOUR NEW HOME

For less than 3¢ the average family served by WTU can cost a complete meal the modern electric way...and enjoy the cleanliness and conveniences of Electric Living.

HHS Homemaking Girls Having Busy Schedule in Classes

Homemaking department at Hamlin High School has been busy since school began, report Mrs. James Simmons and Mrs. Joe Wayne Carter, instructors and sponsors.

One of the first year classes had a test after studying parliamentary procedure. The two most outstanding grades were made by Joyce Bingham and Sandra Jayroe with a grade of 90 each.

The second first-year class is studying quick breads. The girls have learned to make many variations of quick breads.

The second-year classes are making progress in clothing and foods. Homemaking II clothing class is making one-piece dresses.

The homemaking II foods unit is studying yeast breads. This class also made banana-nut bread for the Jones County Teachers Association meeting that met at Hamlin Monday.

Quick meals have been planned, prepared and evaluated by the homemaking III class.

Members of the homemaking I clothing class are: Elaine Baxter, Joyce Bingham, Jo Annie Bogle, Stella Brown, Charlotte Burleson, Julie Daniell, Penny Ford, Charlotte Donham, Sandra Jayroe, Gloria Jenkins, Wilma Welch, Kay Johnson, Hortense Solis and Wynelle Williams.

Fifty-Two Study Club Meets in Bell Home

Members of the Fifty-Two Study Club met October 16 for the first regular meeting of the new year in the home of Mrs. B. O. Bell.

Mrs. J. E. McCoy announced that October 24 is United Nations Day, and small flags of united nations were displayed.

Mrs. Noel Weaver and Mrs. Tommy Davis conducted the program on "Federation Work Shop."

The Herald has all types and degrees of pencils.

STARS IN CALIFORNIA RODEO—Marine Acting Corporal Gerald L. Woodruff of Hamlin is pictured above receiving a pair of special made cowboy boots for his records in the recent El Toro Rodeo at Santa Ana, California. Young Woodruff is the son of Mr. and Mrs. Robert L. Woodruff of Hamlin.

Gerald L. Woodruff Awarded Boots for Records in Rodeo

For outstanding rodeo action Marine Acting Corporal Gerald L. Woodruff, son of Mr. and Mrs. Robert L. Woodruff of Hamlin, recently received a pair of special made cowboy boots from Marine Colonel E. H. Vaughn, chairman of El Toro Annual Rodeo, according to a release from the Marine base at Santa Ana, California.

Woodruff, serving with the Headquarters and Headquarters Squadron 36, a unit of the Third Marine Aircraft Wing at El Toro Marine Corps Air Station at Santa Ana, received the boots for placing second in the wild horse race during the rodeo held at Santa Ana.

Before enlisting in June, 1957, he graduated from Anson High School.

Special Services Set By New Minister at Foursquare Church

Foursquare Full Gospel Church of Hamlin will be having special services Sunday to go with the holiday season, according to the new pastor of the congregation, Rev. Don McCamish.

Rev. McCamish will be preaching Sunday morning on "Grandmother's Ghost," and Sunday evening he will use a special illustrated message called "The Haunted Platter."

Sunday School will be at 9:30 a. m. At 6:30 p. m. a special young people's service is slated. "Come, bring a friend and enjoy these fine services," urges Rev. McCamish.

Rev. McCamish spent seven years as an evangelist, traveling from coast to coast.

Storage in Major Texas Reservoirs Declines in August. New Report Shows

Deficient stream flow was generally prevalent across the state during August, according to the monthly water conditions report of the Board of Water Engineers, received this week by The Herald in a special release from Austin. Excerpts from the report, with special attention to reports on streams and lakes in the Hamlin section, follow:

The Canadian River near Amarillo had a mean flow approximately 166 per cent of the 23-year August average due to thunderstorms in that area. Thunderstorm activity produced some small to medium rises in certain areas but no flooding of any consequence occurred.

Conservation storage declined five per cent of potential capacity in 34 major Texas reservoirs. At the end of August the total conservation storage stood at 8,995,000 acre feet or 88 per cent of capacity. The only major reservoir showing a slight increase in conservation storage for the month was Falcon Reservoir. Conservation storage in Garza-Little Elm Reservoir on the Trinity River was 84 per cent of capacity compared to 90 per cent of capacity on the same date last year.

Flow from Comal Springs decreased to an average of about 290 cubic feet per second. The long time average flow is about 300 cubic feet per second.

Six of the eight selected observation wells recorded water level declines, and two recorded rises in water levels. A new all-time low water level was recorded in the observation well in El Paso. The August high for the water level of the Travis County well near Buda was equalled during the month.

During August the heaviest rains were associated with two periods of squally weather in the Western Gulf, which brought moisture to the middle and upper coastal areas. Rainfall in other parts of the state occurred with a few squall line passages, or as afternoon thunder showers.

According to a survey just completed by the Weather Bureau state climatologist at Austin it was the wettest August since 1945 at Austin and Houston. Laredo received over three times its normal August rainfall. Austin, Corpus Christi, Houston and Victoria got over twice the normal rainfall. It was the driest August at San Angelo since 1938.

Rainfall totals for the month and accumulative rainfall for the year for selected Weather Bureau stations follow:

Station—	Aug.	Year's
	Fall	Total
Ablene	.72	18.28
Amarillo	2.24	13.76

Christian Scientists Study Prayer Sunday

Prayer's effectiveness in healing sin and sickness will be emphasized at Christian Science services Sunday at the home of Mrs. Carol W. Gordon, 250 North Central Avenue. It is announced by members of the local group.

Scriptural readings in the lesson sermon entitled "Everlasting Punishment" will include this selection from James 5:15, 16: "Is any sick among you? Let him call for the elders of the church; and let them pray over him, anointing him with oil in the name of the Lord; And the prayer of faith shall save the sick, and the Lord shall raise him up; and if he have committed sins, they shall be forgiven him."

RAILROAD FEATHERBEDDING:

\$500,000,000 LOSS

TO THE NATION—INCLUDING YOU—EVERY YEAR

Featherbedding on the railroads — pay for work not done or not needed — is costing the American people the shocking total of more than \$500,000,000 a year.

You pay for it every time you shop, because featherbedding costs are hidden in the price of everything you buy.

Obsolete union work rules, involving the railroad operating employees, are responsible for this gigantic burden. Right now, for instance, these rules require every diesel locomotive to carry a fireman—even though diesels have no fires to stoke, no boilers to tend.

The forthcoming negotiations between the railroads and the unions are urgently important to the whole nation.

In asking the unions to drop these featherbedding rules, all the railroads ask for is a fair day's work for a fair day's pay.
